

COMPARATIVE COST PER PUPIL, 2008-09

Of the 81 school districts in Monmouth and Ocean counties, 43 were above the state average for per-pupil spending. The averages varied, depending on the type of district, such as elementary or high school. Below is a comparison chart that shows the budgeted district per-pupil costs, state averages and if a district fell above or below the average. The District Factor Group, or DFG, measures each district's socioeconomic status. "A" is the lowest income and "J" is the highest. "R" is charter, "V" is vocational and "N" is not rated.
