RE: H1N1 Flu

Dear Parents:

As you are aware, the H1N1 Flu and related issues continue to be a concern for all. You may recall that last school year we took a forward looking view of the issue by posting information from the State and County Departments of Health and the (CDC) Center for Disease Control and Prevention on our website [www.laceyschools.org](http://www.laceyschools.org) . We, then and now, will continue our extra cleaning and disinfecting campaign in all buildings. Our administrators and school nurses have been updated throughout the summer by appropriate agencies. Our nurses are scheduled for an updated session by the Ocean County Department of Health early this year to be most current on this important health issue.

In the event we need to communicate with a particular school or the whole district on this topic or any event, we can and will use our Global Connect telephone calling system to make announcements or share information.

Most important is that you can always call your school nurse, principal, or me if you have questions or need assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Starodub', with a long horizontal line extending to the left.

Richard P. Starodub  
Superintendent
