# Impact of State Aid Cuts

## STATE AID CUTS

2018-2019 = \$586,536

2019-2020 = \$623,156

2020-2021 = \$1,310,170

2021-2022 = \$1,345,629

2022-2023 = \$3,251,565

2023-2024 = \$3,968,990

2024-2025 = \$3,205,902

**TOTAL LOSS=\$14,291,948**

## The maximum increase in the tax levy is 2%

To put this into perspective:

- Yearly State aid reductions were more than triple the amount of the taxes able to be raised by the levy.
- We endured a 66% reduction in aid while enrollment only went down by 10%.

**AND there is still a need to address the following issues:**

- Contractual responsibilities rise above 2% in many areas
- Higher utility prices
- Increased insurance premiums
- Tuition increases outside of our local control
- Transportation cost increases
- Inflation - rising costs for just about everything

# What Does This All Mean?

Tonights resolution, being considered by the Board of Education is seeking either the return of \$10,649,520 in state aid, or a state loan/aid advancement of \$6,681,867, or the authority to increase the tax levy by \$6,681,867, as one of these solutions for the Chief School Administrator (CSA) to balance the 2025-26 proposed budget and provide a thorough and efficient education.

The Board of Education is **NOT** authorizing a \$6,681,867 tax **increase** and will continue to explore and exhaust all opportunities to recover lost state aid, but is simply approving the submission of the application for authorization to do the same and to request Tax Incentive Aid.

# Next Steps

- Submit tentative budget to the Executive County Superintendent.
- Submit application to the Commissioner of Education.
- Continue to explore opportunities to increase revenue.
- Continue to explore opportunities to decrease appropriations.
- May 7<sup>th</sup> = Public hearing on and adoption of final budget.
- May 15<sup>th</sup> = Deadline for submission of final budget.

**Thank You!**
