Hello Mill Pond Families!

We are preparing for our annual Back To School Night event. This is an evening to come in and see where your child spends their day. Meeting with the teachers and learning the routines within the classrooms is an integral part of each student's success. Your child has two classrooms with two teachers. Each grade will have a designated session starting in each child's homeroom. The first session will last 20 minutes, allow for a 5 minute transition into the switching class and the second session lasting 20 minutes.

Should you need more one to one time with your child's teachers, please schedule an appointment that is convenient for all parties.
