

# LTSD Inclusive Preschool Program 2019 - 2020

The Lacey Township School District is, once again, excited to open registration for our inclusive preschool program at the Mill Pond Elementary School. The program will serve general education students between the ages of 3 and 5. Our preschool program includes students of varying degrees of developmental readiness and optimizes opportunities for students to grow and learn from one another in a school setting.

The program is based on state guidelines and designed to meet the New Jersey Preschool Teaching and Learning Standards. Our curriculum is school-aligned and research based. The program immerses children in such areas as language arts, mathematics, exploration, art, music, social/emotional, self-help skills, and so much more! We implement the Creative Curriculum for Preschool: an award winning, research-based curriculum that features exploration and discovery as a way of learning, enabling children to develop confidence, creativity, and lifelong critical thinking skills.

## **Program Details:**

Children must be 3-5 years old before the start of the school year.

Space is limited. Students are chosen on a first come, first served basis; a wait list may be necessary depending on the number of registrations.

Parents are responsible for transportation to and from the program.
