

# MILL POND ELEMENTARY SCHOOL

*A Tradition Of Pride · A Tradition Of Excellence*

HOLLY NIEMIEC  
PRINCIPAL

February 2019

Dear Grade Four Parents:

Your child's fourth grade class has been invited to Mill Pond on Thursday, May 16, 2019. They will have an opportunity to visit a 5<sup>th</sup> grade class, our computer and science labs, and the library.

This student orientation should prove to be rewarding for your child and their teacher. It will afford them the opportunity to see Mill Pond and ask questions about our programs and clubs. It is our hope that this early orientation will provide enough information for both the child and teacher to make the transition to grade five a more relaxed one.

Mill Pond is one of four elementary schools. As parents, you will find that our expectations of your child are similar to those in their present school. Like all other grades, as the children are promoted from one grade to the next, the curriculum becomes more difficult. They should continue reading and reviewing basic skills in all areas throughout the summer months. This practice will certainly help them when they enter fifth grade in September. Mill Pond's curriculum is enhanced by the use of technology, science labs and research. They will have lockers for the first time, and they will see how easy it is to open one when they visit.

We are very excited to have your child visit with us. In August, we will hold fifth grade orientation for parents and students. If you have any specific concerns, do not hesitate to call upon us. Our phone number is 609-971-2070.

Sincerely,

  
Holly Niemiec  
Principal
