## Donate Dimes for Kids with Cancer

Your child's school will be supporting a 5013c called Alex's Lemonade Stand Foundation. ALSF is a non-profit that raises money for clinical research to help find a cure for cancer specific to children.

Each classroom will be collecting dimes in a 16 oz. bottle from May 1-31. The class that collects the most dimes will be given a pizza party. Please help in our efforts to find a cure.

We appreciate everyone's willingness to help our kids make a difference to those that need it most.

Sincerely,

Lacey Kids for a Cure

"A vision without action is just a dream; an action without vision just passes time; a vision with an action can change the world." Nelson Mandela
