Super Sensory Science

This season we are exploring the world around us using the Scientific Method. Have you ever wondered why a rock sinks in water, why a rubber ball bounces, or why M&Ms melt in your mouth but not in your hand? We will discover the answers to these questions and more. This is an inclusion class designed to encourage all participants to interact with each other and with their environment. Students with special needs are encouraged to attend and accommodations will be made as needed. Come along and bring your scientific heads as we carry out some amazing sensory scientific experiments.
