

LACEY TOWNSHIP SCHOOL DISTRICT

A Tradition Of Pride · A Tradition Of Excellence

VANESSA P. CLARK, PH.D.
SUPERINTENDENT OF SCHOOLS

Dear Parents:

We are pleased to offer the students of the Lacey Township School District access to the District's electronic network and technology resources. This includes access to the internet, computer equipment, and related equipment for educational purposes that will assist in preparing students for success. Technology enables students to discover a variety of libraries, databases, websites, and interactive collaboration systems. In our classrooms of today, technology supports and strengthens teaching and learning, promotes collaboration and creativity, and provides tools to assist students with research and connect with information sources not possible otherwise. Use of the Lacey Township School District's technology resources requires that all students sign and return the Acceptable Use Policy Student Agreement.

Use of the Lacey Township School District's technology resources over the District's networks and District managed accounts should not be considered private. The district maintains filtering software designed to block access to certain internet sites; however, the District cannot guarantee that this filtering software will, in all instances, successfully block access to materials deemed harmful, indecent, offensive, or otherwise inappropriate. The use of filtering software, as explained in the Acceptable Use of Computer Network/Computers and Resources Policy 2361, does not negate or otherwise affect the obligations of users to abide by the terms of this policy and to refrain from accessing such materials. Parents and guardians are responsible for setting and conveying the standards that their children should follow when using media and information resources.

We recognize that this is a very busy part of the school year and thank you for taking the time to review this important information. Your support in the area of technology makes it possible to give your child the best opportunities for learning.

Sincerely,

A handwritten signature in cursive script that reads "Jason England".

Jason England
Supervisor of Information Technology

LACEY TOWNSHIP SCHOOL DISTRICT
ACCEPTABLE USE POLICY (AUP) STUDENT AGREEMENT

As a student user of Lacey Township School District's technology resources, I agree to the following rules and provisions. Please refer to District Policy and Regulation #2361 for further information.

As a student, I will:

1. only use computer devices, including Chromebooks, and accounts provided by the district for educational purposes and will take the responsibility to protect the account from unauthorized access. Students will not give their password to anyone and will take steps to prevent others from learning their password. Students who become aware of attempts to violate or bypass security mechanisms will report such attempts to their teacher or building administrator immediately;
2. respect the privacy of information stored and accessed through Lacey Township School District's technology resources. Students will not acquire or modify, in any way, information that belongs to another person, nor will they attempt to access restricted portions of the technology infrastructure;
3. only use the software to which express rights have been granted by the school administration;
4. not copy unauthorized software onto the available data storage devices;
5. agree not to copy, disclose, modify, or transfer any materials that they did not create without the express consent of the original owner or copyright holder. Students agree not to use Lacey Township School District's technology resources to violate the terms of any software license agreement, or any applicable local, state, or federal laws;
6. agree not to use Lacey Township School District's technology resources for any purpose other than the educational resources for which they were intended;
7. not use district technology resources for personal use, personal gain, harassment, or cyberbullying. Students who become aware of attempts to use District technology or network in any way will report such attempts to their teacher or building administrator immediately;
8. use good judgment to access only information having sound educational value. Students understand that accessing illegal or inappropriate materials may result in disciplinary action;
9. understand that any violation of any provision of this agreement may result in disciplinary and/or legal action as outlined in district Policy and Regulation 2361 and 2531;
10. understand that this Acceptable Use Policy (AUP) Student Agreement remains in force as long as the student makes use of any of the available Lacey Township School District technology resources, to include, but not be limited to devices, accounts, and network access, either in school or at home.
