The representative will attend the general meetings of the league and have the authority to vote on issues which govern the league. The Principal of each member school shall file with the league the name of the authorized representative using the form provided by the league. Any changes in a member school's representative shall also be filed by the Principal using the (same form.) A list of all league representatives shall be distributed among the member schools in a League Directory. It is the responsibility of each representative to insure that the rules and regulations of the league are adhered to within his/her school and that all pertinent league information is distributed among coaches in their schools.

SECTION 2: There shall be a general meeting of all member schools three times a year, one meeting prior to the beginning of each season. At the third and final meeting of the year, the representatives will elect officers to serve on the Executive Committee for a term of one year. The Executive Committee shall consist of a president, vice-president, secretary/treasurer, and three at-large members, one from each conference. The at-large members will vote on matters only in the event that an officer's school is involved in a matter to be voted on. In such cases, the officer(s) of the school involved will abstain from voting. The Executive Committee shall render decisions on league matters in accordance with the rules and regulations of the league and will inform the general membership of its actions at the next general meeting.

SECTION 3: The president shall be empowered to appoint committees in each respective season for the purpose of assisting in the compiling of win/loss records, contacting the press, coordinating All-Star games and contacting the league secretary with season records.

## **ARTICLE V: FINANCES**

At its general meeting, the league will determine the annual league fees, based on the number of teams, to be paid by each member school. It will also determine the amount of expenditures to be paid out during the year. The secretary/treasurer is authorized to collect and disburse funds as deemed necessary. A written financial statement will be presented by the secretary/treasurer at each general meeting. A checking account shall be maintained by the secretary/treasurer in the name of the league, requiring the signature of both league president and secretary/treasurer.

## **ARTICLE VI: CONFERENCES**

The league will be divided into three conferences for all sports except football and B/G volleyball. The conferences for any sport may be changed to two conferences based on total number of teams, transportation issues, and fair competition. The conferences will be assigned based on enrollment figures as recorded on the Department of Education's State Aid Form. A copy of such form will be provided to the league upon request prior to the annual meeting in May. Enrollment figures used to align conferences will include those students in grade seven and eight, regardless of whether a school allows other grade levels to participate in athletics. A member school shall be aligned in the same conference in all sports in which it fields a team.

## **ARTICLE VII: SCHEDULING**

Scheduling of contests will occur after the general meeting before the beginning of each new season. It is the responsibility of each member school to have a representative attend the scheduling meeting. Meetings for fall sports shall be held in May. The meetings for winter sports shall be held in September. The meetings for spring sports shall be held in January. Member schools must play conference opponents the required number of times in a season as stated in the by-laws. The playing of non-conference opponents is optional in all sports, however, once scheduled; all efforts should be made to play the non-conference contest. At the scheduling meetings, contests with conference opponents must be scheduled as a first priority and non-conference secondly.

## **ARTICLE VIII: CONFERENCE CHAMPIONSHIPS**

In each sport, a first plaque will be awarded in each conference. Only the won-loss-tie results in conference play will be used to determine the order of finish. In the event of identical records, the schools will share that place finish. In the event of points earned (2 points for a win and 1 point for a tie) equals a tie the team with the most wins will be awarded the championship. There will not be play-offs in any sport. Schools may enter tournaments on a voluntary basis, but such tournaments shall have no bearing on league standings.

## **ARTICLE IX: ELIGIBILITY**

SECTION 1: Participants in the league must not have reached the age of 15 prior to September 1<sup>st</sup>.

SECTION 2: No student shall be eligible for middle school athletics after the expiration of 3 consecutive years following his/her first entrance into the 6th grade or 2 consecutive years following his/her first entrance into 7th grade (those school districts that only allow 7th and 8th grades to participate). This rule is the responsibility of each school district within the O.C.I.A.L to enforce. If circumstances arise where a superintendent of a district, principal and coach are going to be in violation of this rule, an easement (waiver) has to be filed with the league. If the easement is not granted and the school continues to violate the by-laws, they will be in jeopardy of forfeiting games, matches and/or

championships. The rule is also aimed at maintaining a uniform progression among all member schools and equalizing competition within these schools.

SECTION 3: Each member school shall develop its own standards of eligibility regarding academics and behavior with emphasis on academics being a priority.

## **ARTICLE X: PRACTICE**

Section 1: Each member school shall not begin practicing a sport before the following dates:

- a) Fall Sports - August 15th

Section 2: Violations of Sections 1 will cause for possible forfeit of games, matches and/or championships

## **ARTICLE XI: PENALTIES**

Member schools found to be in violation of the rules and regulations of the league, as determined by the Executive Committee may have penalties levied against them. The penalties may include:

- 1. letter of reprimand
- 2. forfeiture of contests
- 3. forfeiture of place in standings
- 4. probation
- 5. suspension
- 6. expulsion

## **ARTICLE XII: DISPUTES**

SECTION 1: Every attempt to solve a dispute between member schools should first be taken by the schools involved. If the coaches cannot reach an agreement, then the league representatives from the schools involved should try to resolve it. If it is still in dispute, then the league representatives should contact the league's dispute chairmen to intervene. The dispute chairman will make every attempt to resolve the dispute by talking to all parties involved. Only after the above attempts have failed will the president convene a meeting of the Executive Committee to settle the issue by a majority vote. There will always be three members of the Executive Committee voting on the issue. An Executive Committee member whose school is involved in the dispute will abstain from voting and be replaced by the at-large member from the opposite conference. The president, during this process, may demand of the parties involved, a written or verbal report detailing the nature of the dispute and the steps already taken in an attempt to resolve the dispute. The president may also demand that the

parties involved be present at the meeting. The president may also call for an account of the dispute from any available personnel he deems helpful – officials, witnesses, etc.

The decision of the Executive Committee is final and binding and is not appealable.

SECTION 2: Disputes must be brought to the attention of the league's dispute chairman within 48 hours of the alleged dispute, otherwise they will not be considered.

SECTION 3: A protest or dispute based on an official's judgment or interpretation of the playing rules shall not be considered.

### **ARTICLE XIII: OFFICIALS**

SECTION 1: Certified officials are to be used for all league contests.

SECTION 2: The rate of pay will be that of sub-varsity games unless otherwise negotiated between the league and the official's organization. When only one official, instead of two, work the contest, they should be paid the prevailing varsity fee.

SECTION 3: In the event officials do not show up for a scheduled contest, the event is to be rescheduled for a later date at the same site. Teams must wait 30 minutes from the scheduled starting time before the contest is postponed. It is the host school's responsibility to hire certified officials and to confirm with the officials the scheduled event. Every possible attempt should be made by the host school to avoid postponements due to lack of officials.

### **ARTICLE IX: UNIFORMS**

Every attempt should be made to have participants in the same uniforms with appropriate numbers where necessary. Schools with home and away uniforms are to wear their light-colored uniforms at home and darker ones away. If schools show up for a contest wearing the same color uniform and the official requests a change be made, it is the home team's responsibility to make the change. It is understood at this level of athletic competition, that it is not always possible to have all participants in the same uniforms and no penalties will be levied against a team who cannot outfit a team in the same uniforms.

### **ARTICLE X: SPORTSMANSHIP**

In the excitement of athletic competition, it is possible to have emotions overshadow sound, responsible judgment. To foster the educational values of athletics, it is imperative that the principles of good sportsmanship be displayed at all times by those involved – players, coaches and spectators. Coaches

should exemplify sportsmanlike conduct as he/she is a role model for the players as well as the spectators. No profanity or improper language should ever be used by the participants, especially the coach. Host schools are responsible for the behavior of spectators and should adopt policies to insure proper conduct at its athletic events. It is the responsibility of the league representatives to ensure the principles of good sportsmanship are followed. The following guidelines are recommended:

2. Inspires in the athletes a love for the game and the desire to compete fairly.
3. Disciplines those on the team who display unsportsmanlike conduct.
4. Respects the judgment and interpretation of the rules by the officials.
5. Exercises self-control at all times, setting the example for others to follow.
6. Understands the educational value of athletics is more important than the outcome of a contest.
7. Knows he/she is a teacher and the athletic arena is a classroom.

6. Respects the judgment of officials and does not respond negatively to their calls.
7. Respects the property of others and the authority of those administering the contest.

SECTION 1: A blatant display of unsportsmanlike conduct should be reported by the opposing coach, in writing, to the league president and his/her representative. Upon receipt of such a report, the league president will contact the school's representative to discuss a plan to prevent such conduct from occurring again. An accumulation of three reports shall result in disciplinary action being taken as directed by the Executive Committee. A blatant display of unsportsmanlike conduct which would warrant filing a report would include:

- a. Running up the score.
- b. Racial slurs among participants or spectators.
- c. Fighting among participants.
- d. Vandalism to school property.
- e. Ejection of a coach for unsportsmanlike conduct.

A copy of the report shall be sent to the league representatives from both schools and shall be kept on file by the league president.

SECTION 2: The ejection of a player or coach from a contest shall result in a one-game suspension for that player or coach. The suspension shall be enforced in the next scheduled contest. The official shall notify the athletic director or principal of the ejection the next school day, who in turn, shall notify the league president. If the official fails to notify the school of the ejection, the enforcement of the suspension is optional on the part of the school administration/coach.

SECTION 3: Award banners will be presented annually by the League to the member school, in each conference, who consistently demonstrated the best sportsmanship in all sports. The voting is to be done by the head coaches in all sports. The league representative will poll all head coaches in his/her school and bring the results to the annual meeting. Coaches may not vote for their own school. The award shall be called the Paul Strunk Sportsmanship Award.
