

PLEASE READ CAREFULLY

The sport of football is a vigorous activity and is not meant for everyone. Varsity sports are a privilege and not a right so we look for and ask for full cooperation when developing a cohesive team.

Every athlete who is trying to make our football team roster is required to attend all tests and activities. (A Pre-season requirement.) Only the Head Coach can excuse a member with a conflict. So communication is required.

Falling short of these outlined points will be considered a lack of discipline and character and will be evaluated as such.

All football team rules and requirements are posted on the school website and should be read. No set of rules can be all encompassing. In the event that something occurs that is not noted in our team rules, the head coach's decision for discipline will be final.

Coach Vircillo
